FAMOUS BONES

winding our way through Père Lachaise   Am (add9) G6 F△7 G6
~~hit our November rhythm~~
plotting out the numerous ways
~~we're gonna~~ beat the system
          to   of
row after row, names and tomes
and the stream of mecs that miss 'em
~~our time here may be limited~~
~~but we've learned to beat the system~~
   ~~but we~~   couldn't beat the system
back at our nest in the 19th
with photographs and string...

CHORUS   G D C C   G D C C   G D C C   F△7 E m7 D m7 D m7

~~we~~ hop the 7th from Crimée
~~through~~ the parks we lurk
discovering notes in Côtes du Rhône
to ~~crack the entire~~ network
   map   the
row after row, gardens grow
and bits of data glisten
~~the secret of~~ the underground
is yours if you just listen

and at the end of the day
we hang with Fehrat at Café Urbain

CHORUS

winding our way through Père Lachaise
plotting out the numerous ways
to beat the system

row after row of names and tomes
and the stream of mecs that miss 'em
couldn't beat the system

back at our nest in the 19th
with photographs and string...

we'll pick you up wherever you went down
if you're outta cool you should do it now   (it's happening)
we'll pick you up wherever you went down
can never say if only i had known

hop the 7th from Crimée
through parks we lurk
discovering notes in Côtes du Rhône
to crack the network

row after row, the gardens grow
and bits of data glisten
the underground is yours if you just listen

at the end of the day
we hang with Fehrat at Café Urbain

we'll pick you up wherever you went down
if you're outta cool you should do it loud   (it's happening)
we'll pick you up wherever you went down
can never say if only I had known

we'll pick you up wherever you went down proud
if you're outta cool you should do it now (this is happening)
we'll pick you up wherever you went down
can never say if only I had known
